

Hiring: Part-Time Mathematics Teacher

Job Description

Blooming Minds STEAM Academy is looking for creative, inspiring and highly-knowledgeable Mathematics Teacher. The right person is highly professional, student- and parents-oriented, with a strong desire to make the love for Mathematics contagious for his or her students.

Aside from having strong understanding of the requirements of the programs in the US, has experience and knowledge of Olympiad-based problems. Will teach students to apply their mathematical understanding in the solution of real-life problems.

Additionally, Math Teacher will have knowledge of physiology, psychology, methods of teaching and pedagogy for children of various ages. Will be creative in being to explain challenging mathematical concepts to children who need additional help in understanding them.

Must commit to the position for a minimum of one year.

Will be able to work mostly in the evenings.

Education and Qualification:

Bachelor's Degree in Teaching Mathematics, Physics or related sciences.

Pay DOE
